### Independent Auditor's Review Report on the Interim Condensed Financial Statements

To the Shareholders
United Wire Factories Company

(A Saudi Joint Stock Company)
Riyadh, Kingdom of Saudi Arabia

### Introduction

We have reviewed the accompanying interim condensed statement of financial position of United Wire Factories Company ("the Company") as at March 31, 2023, and the related interim condensed statements of profit or loss and other comprehensive income, changes in equity and cash flows for the three-month period then ended, and a summary of significant accounting policies and other explanatory notes. Management is responsible for the preparation and presentation of these interim condensed financial statements in accordance with International Accounting Standards 34 – "Interim Financial Reporting" (IAS 34) that is endorsed in the Kingdom of Saudi Arabia. Our responsibility is to express a conclusion on these interim condensed financial statements based on our review.

### Scope of Review

We conducted our review in accordance with International Standard on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity" that is endorsed in the Kingdom of Saudi Arabia. A review of interim financial statements consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing that are endorsed in the Kingdom of Saudi Arabia and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

### Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim condensed financial statements are not prepared, in all material respects, in accordance with IAS 34 that is endorsed in the Kingdom of Saudi Arabia.

### 2. BASIS OF PREPARATION

### Basis of compliance

The accompanying financial statements have been prepared in accordance with International Accounting Standards 34 – "Interim Financial Reporting" (IAS 34) as endorsed by Saudi Organization for Chartered and Professional Accountants ("SOCPA").

### Measurement basis

These financial statements are prepared on a historical cost basis except for defined benefit plans which are measured at the present value of future liabilities using the Projected Unit Credit Method. In addition, these financial statements are prepared using the accrual basis of accounting and the going concern basis.

### Presentation and functional currency

These financial statements are presented in Saudi Riyal ("SR"), which represents the Company's functional currency.

### 2. BASIS OF PREPARATION - Continued

### Judgments and estimates

The preparation of financial statements in accordance with International Accounting Standards 34 – "Interim Financial Reporting" (IAS 34) requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates. Estimates and assumptions are reviewed on an ongoing basis. Adjustments to accounting estimates are included in the period / periods in which the estimates are adjusted and in subsequent periods affected by the adjustment.

### 3. SIGNIFICANT ACCOUNTING POLICIES

Except for what has been mentioned below, the accounting policies applied to these interim condensed financial statements are the same as those applied to the financial statements for the year ended December 31, 2022, and accordingly should be read these interim financial statements and the accompanying summary notes with the annual audited financial statements and related notes for the year ended December 31, 2022.

### 4. APPLICATION OF NEW AND REVISED IFRS'S

### New Standards, Amendment to Standards and Interpretations

There are no new standards issued; however, there are number of amendments to standards which are effective from January 1, 2023 and have been explained in the Company's annual financial statements, but they do not have a material effect on the Company's interim condensed financial statements.

## 5. INFORMATION ON SEGMENT REPORTING OPERATING SEGMENTS

The segment is a separate and distinct segment of the Company engaged in business activities that result in the recognition of revenues or expenses. Operating segments are disclosed on the basis of internal reports reviewed by the chief operating decision maker, who is responsible for resource allocation, performance evaluation and strategic decision making on operational segments. Operating segments with similar economic characteristics, products, services and similar customer categories are aggregated and recorded where possible as sectors to be reported.

### **Basis of division**

The Company has the following two strategic sectors. These sectors provide different services and are managed separately because they have different economic characteristics - such as sales growth trends, rates of return and capital investment - and they also have different marketing strategies.

The following is a summary of the operations of each sector:

Operating segment	<b>Operations</b>
	Includes the products that serve the constructional sector for construction,
Construction sector	building and housing projects.
Civil sector	Includes the products that serve the consumption civil sector.

Due to the nature of the Company's business and the structure of its management, it is not possible to allocate the items of current assets and liabilities to the various operating segments. All the Company's assets are located within Saudi Arabia and there are from export revenues.

### Information on segment reporting

The information for each sectorial report is listed below. The gross profit of the segment is used to measure their performance because the management considers that this information is the most appropriate to assess the results of the relevant sectors relating to other enterprises operating in the same industries.

### 7. RIGHT OF USE ASSETS

The Company has implemented a principle for the recognition and measurement of all lease contracts in the event it is the lessee, except for the short-term lease contracts and lease contracts that contain a low value asset.

The impact on the statement of profit or loss and other comprehensive income:

- Amortization expense increased by SR. 220,258 related to amortization of the rights of use assets have been recognized.
- Finance costs increased by SR. 49,401 related to interest expense on recognized additional lease contract liabilities.

### 16. FINANCIAL INSTRUMENTS - FAIR VALUE AND RISK MANAGEMENT

The Company's financial assets consist of bank balances, customers and due from related parties. The Company's financial liabilities consist of trade payables and other financial liabilities. The Company does not currently use derivative financial instruments to manage these risks that's exposed to it.

### General framework for risk management

The Board of Directors is generally responsible for the development and follow-up of the Company's overall risk management framework. The Company's risk management policies are established to identify and analyze the risks faced by the Company and to establish appropriate risk limits and controls as well as risk control and adherence to established limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Company's activities. Through its training and management standards and procedures, the Company aims to maintain a disciplined and constructive control environment through which all employees recognize their roles and obligations.

The Company's Audit Committee oversees how the Management monitors compliance with the Company's risk management policies and procedures, as well as reviews the effectiveness of the overall risk management framework in relation to the risks faced by the Company. The Audit Committee shall be assisted in the performance of this oversight role by an office specialized in internal audit work. The internal audit office shall periodically review and review risk management controls and procedures and report on the results of such work to the Audit Committee.

### Credit risk

Credit risk is the risk that the Company will incur a financial loss if the customer or counterparty to a financial instrument fails to meet its contractual obligations and arises mainly from trade receivables, balances with banks and due from related parties.

The fair value of financial assets represents the maximum exposure to credit risk.

### Trade receivables

The Company's exposure to credit risk is mainly affected by the individual characteristics of each individual customer. However, management also considers factors that may have an impact on the credit risk of the customer base, including the risk of default in the customer segment in which the customer operates.

The Company has established a credit policy whereby each new customer is individually analyses to verify its creditworthiness before presenting the Company's standard payment terms and conditions. The Company's review includes external ratings if available and, in some cases, bank references. Sales limits are set for each customer and reviewed quarterly.

The Company seeks to limit its exposure to credit risk from trade and other receivables by setting a maximum repayment period of two months for most customers. Note that the company grants the advances of employees by guaranteeing the benefits of employees, not exceeding 60% of the value of the benefits due to the worker.

Notes To the Interim Condensed Financial Statements (Unaudited)

For The Three-Month Period Ended March 31, 2023

# 16- FINANCIAL INSTRUMENTS - FAIR VALUE AND RISK MANAGEMENT (Continued) Foreign exchange risk

Foreign exchange risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate due to fluctuations in foreign exchange rates. The Company manages foreign exchange risk based on the limits determined by the management and the continuous evaluation of the Company's existing positions and current and projected movements in foreign exchange rates.

Management believes that the Company is not exposed to significant foreign exchange risk.

The reasonably probable rise (decline) in the euro and the US dollar against all other currencies at the end of the period will affect the measurement of financial instruments denominated in foreign currencies as well as equity and profit or loss.

### Interest rate risk

Interest rate risk arises from the volatility of the fair value or future cash flows of a financial instrument due to changes in market rates. The Company is not currently exposed to significant interest rate risk on its assets and liabilities.

### 17. OPERATING LEASES CONTRACTS

### Contracts leases as lessee

The Company leases a number of warehouses and retail outlets under operating leases. The lease period is one year with the option to renew the lease after one year. Lease payments are recognized each year to reflect prevailing market leases. Some leases provide additional rental payments based on changes in local market indices.

Lease contracts for warehouses and branches have been concluded for many years with the Saudi Industrial Cities Organization for a period of not less than 25 years, renewable, representing lease contracts for land and buildings. The Company determines that the elements of land and buildings for warehouse and branch leases are operating leases. The rent paid to the owner is adjusted according to prevailing market rents at regular intervals and the Company has no interest in the residual value of the land and buildings. As a result, it was determined that all the risks of land rents and buildings are significantly with the owner.

### Minimum future lease payments
